

TROTON

new

Why Choose TROTON UBS Anti-Gravel?

REDUCED VOC CONTENT

Eco-Friendly Formula with reduced VOCs (**only 410 g/l**) for minimized environmental impact without compromising performance.

DUST-FREE APPLICATION

The easy, dust-free application ensures greater comfort, cleanliness, and faster work, making the process more efficient.

HIGH-QUALITY RAW MATERIALS

The use of premium synthetic resins ensures outstanding durability and resistance of the coating, even under tough conditions.
